```
<!DOCTYPE html>
<html>
<head>
    <title>TagName</title>
</head>
<body>
<h3> HELLO JAVASCRIPT</h3>
<p> Hello Javascript </p>
<p> Hello Javascript </p>
<h3> Hello Javascript</h3>

<script type="text/javascript">
    var a = document.getElementsByTagName("h3")[0].innerHTML
    a="SATHYA TECH"
    document.getElementsByTagName("h3")[0].innerHTML=a
  document.getElementsByTagName("p")[0].innerHTML="HappySunday"
   document.getElementsByTagName("p")[1].innerHTML="HappySunday"
document.getElementsByTagName("h3")[1].innerHTML="SATHYA TECH"
</script>
</body>
```

```
<!DOCTYPE html>
<html>
<head>
    <title>Class Access</title>
</head>
<body>
    <h3 class="first">Hello Javascript</h3>
<p class="first"> Hello Javascript</p>
<p class="second">Hello Javascript</p>
<script type="text/javascript">
    document.getElementsByClassName("first")[0].innerHTML="SATHYATECH"
  document.getElementsByClassName("first")[1].innerHTML="SATHYATECH"
    document.getElementsByClassName("second")[0].innerHTML="GUD EVENING"
</script>
</body>
</html>
```

```
<!DOCTYPE html>
<html>
<head>
    <title>AccessID</title>
</head>
<body>
<p id="first"> Hello Javascript</p>
<p id="second"> Hello Javascript</p>
<p id="third"> Hello Javascript</p>
<script type="text/javascript">
    document.getElementById("first").innerHTML="SATHYA"
    document.getElementById("second").innerHTML="SATHYA"
    document.getElementById("third").innerHTML="SATHYA"
</script>
```

</body>
</html>

Note : In case of Javascript document means HTML
        Accessing Elements by getElementsByTagName()
        Accessing Classes by getElementsByClassName()
        Accessing ID by getElemenyById()
        updating inner text by   innerHTML
        updating styles by style   property

```html
<!DOCTYPE html>
<html>
<head>
    <title>Update Style</title>
</head>
<body>
    <h3 id="heading">Hello Javascript </h3>
  <p id="para"> Hello Javascript </p>
  <script type="text/javascript">
document.getElementById("heading").style.color="red"
document.getElementById("para").style.color="blue"
document.getElementById("heading").style.backgroundColor="yellow"
 document.getElementById("para").style.backgroundColor="yellow"
  document.getElementById("heading").style.fontStyle="italic"
  document.getElementById("para").style.fontStyle="italic"
  </script>
</body>
</html>
```
